4 November 2021

Assalamu Alaikum

Dear Parents and Carers of Students in 8B,

Our school has been advised today that a confirmed COVID-19 case attended the Year 8B classroom yesterday, Wednesday, 3 November. **Students of this class are the primary close contacts [PCCs] and must get tested and stay at home for 14 days. Students who are fully vaccinated [double dose] will need to quarantine for 7 days.**

**Year 8B students are expected to join the classes remotely during their quarantine period unless they are unwell.**

This means that, until parents of students hear further from me or the Department of Health (DH), students must avoid public places and only leave home for brief periods for necessary activities that include:

- exercise
- caregiving to family members when no alternative is available
- necessary medical appointments where no alternative is available (such as telehealth)
- shopping for necessary items, only where no one else in the household can perform this task and no alternative is available (such as delivery).

DH will then contact PCCs directly. These calls or text messages can come from private or unknown numbers. Please answer these calls or follow text message advice if you receive a call or text message.

The rest of your family does not need to stay at home at this stage.

If you or anyone in your family develops even the mildest of symptoms, please get tested.

If you are concerned you have COVID-19 you can call the DH COVID-19 hotline on **1800 675 398**, available 24 hours a day, seven days a week.

Kind Regards,

Abdurrahman Gokler

Principal
